CLAIM OFFER

- The climate tech accelerator program, Low Carbon Earth (LCE), 2023, has been launched in partnership with the United Nations Environment Programme
- The first phase of the accelerator is set to begin on August 10, 2023, with a cohort of over 50 startups
- The program will also onboard around 30-40 mentors to help the shortlisted climate tech startups learn the business side of things

Climate-focussed non-profit organisation Massive Earth Foundation has launched a climate tech accelerator program Low Carbon Earth (LCE), 2023, in partnership with the United Nations Environment Programme (UNEP), to help startups that are solving climate change and pollution problems.
